

STORM SYSTEM®

The Storm Medium Out is part of the STORM SYSTEM® MEDIUM collection. A collection that includes a wide range of special designed products. The STORM SYSTEM® collection is carefully designed to flush the surface of any ceiling or wall, and all products will appear with an absolute minimum of tolerance and visibility.

Storm Medium Out is a ceiling- or wall-mounted fixture designed to rotate 350° and angle 90°. A honeycomb louvre prevents glare. The Storm Medium Out is part of a fixture family with the same lamp head but with different mounting solutions.

The crossed-out wheeled bin symbol indicates that the item should be disposed of separately from household waste. The item should be handed in for recycling in accordance with local environmental regulations for waste disposal

STORM MEDIUM OUT 250 cc

DATA

Collection	STORM SYSTEM®
Product	Storm Medium Out 250 – Constant Current
Article no.	1N01.0105.xx04

SPECIFICATIONS

Weight	28.2 oz
Materials	Aluminium and Brass
IP protection grade	IP20
Labelling	

Conforms to ANSI/UL
Std. UL 2108:2015

Cert. to CAN/CSA
Std. CSA C22.2#250.13:2017

Intertek

5005519

Safety distance	0,3m
Supply	Constant Current max. rating: LED 15W
Insulation class	Class III
Fixture finish	For xx-codes review STORM SYSTEM® – COLOUR CODES ➤

ADDITIONAL REQUIREMENTS

Light Source & Junction Kit	MR16 LED (light source not included) review STORM SYSTEM® – CONFIGURATION ➤
-----------------------------	--

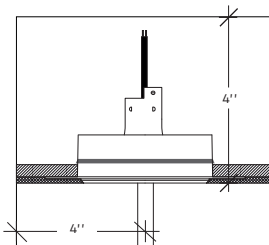

For IES/LDT lux files review
STORM SYSTEM® – LUX FILES ➤

NOTE: when using honey combs the lumen output
will be reduced with 30% in efficiency

This product shall always be powered by SELV LED
driver, output voltage of this driver in open circuit
must not exceed 60V. Do NOT cover the LED driver
or locate LED driver on top of light fixture.
