

STORM SYSTEM®

The Storm Small Art is part of the STORM SYSTEM® collection. A collection that includes a wide range of special designed products. The STORM SYSTEM® collection is carefully designed to flush the surface of any ceiling or wall, and all products will appear with an absolute minimum of tolerance and visibility.

The Storm Small Art is designed to rotate 350° and angles 90°. A honeycomb louvre is placed inside the spot to avoid glaring.

The crossed-out wheeled bin symbol indicates that the item should be disposed of separately from household waste. The item should be handed in for recycling in accordance with local environmental regulations for waste disposal.
